

PEYTON T. SMITH

psmi136@lsu.edu | 214.226.8848

Information Systems student combining hands-on technical training (SQL, AWS in progress) with proven client-facing, problem-solving, and sales experience; seeking an entry-level IS role.

EDUCATION

Louisiana State University, Baton Rouge, LA

Bachelor of Science, Information Systems / May 2027

TECHNICAL SKILLS & CERTIFICATIONS

SQL (beginner) – querying and basic database concepts

AI Literacy Certificate – September, 2026

AWS Certification – In Progress, Expected 2027

Microsoft Certification – Microsoft Office Specialist: Excel Associate, 2026

Software Skills: Microsoft Office Suite, POS & reservation systems

RELEVANT COURSEWORK

In Progress: ISDS 3001 – Introduction to Business Information Systems

- Studying the strategic and economic role of digital technology in organizations, including IT-enabled business value, emerging tech trends, and IT management fundamentals

In Progress: ISDS 3107 – Design of Information Systems Solutions

- Building skills in Python programming, program design, version control, data structures, and database integration through hands-on application development

In Progress: ISDS 3110 – Data and Information Management

- Learning database management systems, ER and relational data modeling, and SQL query writing for business analysis; introductory exposure to data warehousing and OLAP

EXPERIENCE

Harwood Hospitality

Dallas, TX

Fine Dining Server

July 2025 – August 2027

- ❖ Operated point-of-sale and reservation systems daily to manage table turnover and order accuracy for a high-volume dining room, staying calm and organized under constant time pressure
- ❖ Applied consultative selling and a personable, data-driven read of guest preferences to upsell wine pairings and premium items, consistently exceeding per-table check averages
- ❖ Diagnosed and resolved service issues on the fly, prioritizing across multiple concurrent “tickets” with resilience and a strong work ethic; a workflow directly transferable to help desk and support environments

Dallas Country Club

Dallas, TX

Fine Dining Server

April 2023 – November 2025

- ❖ Delivered polished, detail-oriented service to a private membership base through attentive, personable communication, reinforcing the club's brand standard and driving repeat engagement
- ❖ Built durable client relationships with a regular member base through consistent follow-through and strong interpersonal skills; directly applicable to stakeholder management and end-user support
- ❖ Balanced full-time employment with a full course load, demonstrating the reliability, resilience, and work ethic needed to deliver in fast-paced, deadline-driven environments

LEADERSHIP & INVOLVEMENT

Association of Information Technology Professionals (AITP), LSU Chapter

Member

- Engage with peers and industry professionals to build IS-related knowledge and network ahead of internship and job search

National Association of Black Accountants (NABA), LSU Chapter

Member
